Walter Crouch represents clients across a broad range of industries and endeavors, including aviation/aerospace, automotive, healthcare/healthcare technology, energy/power supply systems, manufacturing and leading-edge research and development.

A member of the firm since 1975, he led the formation of the firm's environmental, intellectual property and technology practice areas and has served the following industries throughout his career:

- Aerospace/Aviation
- Healthcare
- Automotive
- Energy Systems
- Transportation
- Manufacturing

Clients know Walter for his intellect, tenacity and for getting the job done. A loyal and trusted advisor, Walter is passionate about practicing law and representing clients on a variety of legal matters, including:

- Business transactions
- Intellectual property licensing and technology development projects
- Litigation and dispute resolution
- Business and manufacturing relocations and expansions
- Outsourcing arrangements
- Regulatory compliance
- Information systems and information technology projects

His experience also includes representing businesses in connection with their strategic alliances, outsourcing relationships and strategies for developing, acquiring and managing their long-range technology requirements.
