As Waller's Legal Administrator & Practice Group Manager, Sharon oversees the daily operations of the law firm in areas of human resources, information technology, accounting and finance, physical plant and facilities operations for five office locations. Prior to Waller, she gained an extensive background in designing, building and operating office facilities in locations across the U.S. Sharon works closely with the Waller Board of Directors and Chairman in executing the law firm strategy as well as advising and guiding each practice group in their work to deliver legal services.

Few people in the legal management profession have helped maneuver the endless challenges of merging two large law firm practices. Accomplishing such mergers puts one in the top 5 percent of law firm management professionals. Sharon brings this experience along with countless "untold stories" of coaching, mentoring, advising, and leading attorneys, judges, congressmen, senators, physicians and anyone else who has crossed her path in over 40 years of law firm and physician practice management.
